MAXFORCE

High Production Mobile Cart

Built for the Way You Work

Turn-key High Production Cart - Hook-up to Shore Power and Spray

Ideal system for commercial contractors. Designed to operate when mounted in truck or trailer, but can easily be removed when spraying high rises, or large industrial buildings. Heavy-duty 8 inch poly wheels allow for easy mobility, with 4-way fork pockets and integrated lift hooks to fly skyward. Integrated air compressor, air drying equipment, and controls make operation intuitive and in one place. Choose an electric or hydraulic proportioner.

Standard Features/Equipment:

- 19 CFM Hydro-vane compressor
- Electric Refrigerated Air drier
- Easy to use Air Distribution Box regulates air to transfer pumps and spray gun
- Integrated four-way fork pockets
- Integrated breathable hose wrap
- Integrated hose hanger for up to 410' of heated hose
- Manifold Circulation Kit

Optional Equipment:

- Choose from any Graco R2 Reactor or PMC R2, R3 Proportioner (electric or hydraulic)
- 60 to 410 ft of heated hose
- Heated Hose Circulation Kit
- Breathable air systems (Bullard, Martech)
- Respiratory Alarm Shutoff (with breathing system)
- Single power options or 3-PH,100-130 Amps
