MAXFORCE

Built for the Way You Work

Built for the Way You Work. That is more than a tag line. It is the two core principles that created us: We provide turn-key solutions that we know work for the application you do. Proven by testing and experience. Our customer don't have to figure things out, or learn by the school of hard knocks. MaxForce products come ready to work!

1. Equipment that is ready to work as hard as you do. We do not take short cuts and use only the best components. Our designs focus on maximizing productivity and reducing down time. When you're ready to get to work your equipment will be too.

2. MaxForce is a brand of CJ Spray, Inc., a leading distributor, integrator and manufacturer of spray equipment and fluid handling systems. For more information please visit www.cjspray.com or our industrial focused company The Paint Project at www.paintproject.com.

Products

Coatings Sprayers

Turn-key sprayers / heated spray systems are heated systems designed specifically for the residential waterproofing market. These heated spray systems are perfect for the residential water-proofing contractor or poured wall contractor.

Spray Foam & Polyurea Rigs

Turn-key trucks, trailers, and mobile carts designed for the spray foam and polyurea industry. A well engineered rig is essential to maximize productivity and reliability. MaxForce has the experience to ensure you get the most profitability out of your rig.

Generators

Specifically designed from the ground up for mobile spray foam and polyurea rigs. Unique features that make it perfect for installation into a trailer or box truck.

Electric Agitators

Ideal for mobile spray applications. These 110V agitators are lightweight, quiet, and more efficient than air operated agitators.

Fireproofing Equipment

Provides the industries best auxiliary components to apply fireproofing materials. Check out our full line of alum pumps, water boosters, and quick fill pumps.

Become a Distributor of MaxForce Products

MaxForce is the manufacturing brand of CJ Spray and is designed to be a distributed product through leading suppliers in the insulation and specialty coatings markets. MaxForce is a premium brand known for the highest quality, turn-key engineered solutions, and unmatched technical support. While CJ Spray will be the silent partner, our years of experience and know how will be on full display as MaxForce.

Made in the USA
