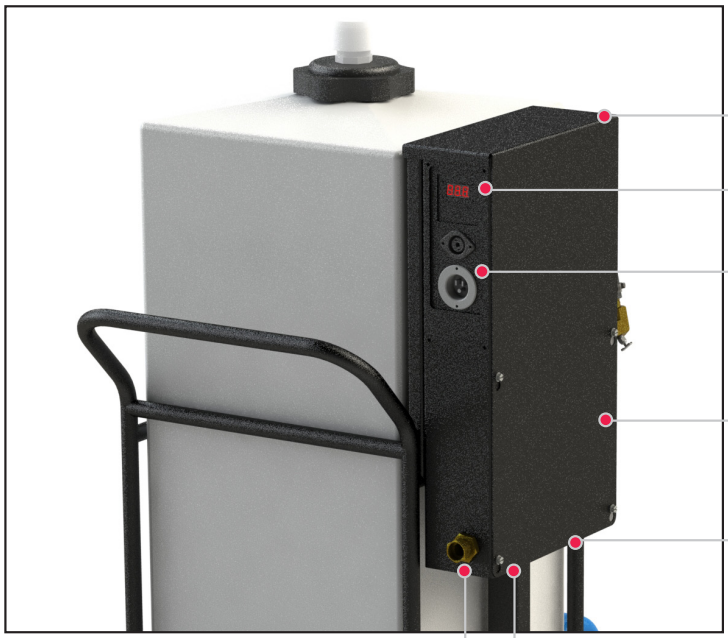
MaxForce

Quick Fill Cart

Increase productivity, reduce labor costs and improve water/mix ratio accuracy with MaxForce's quick fill system. Easily adjust water dosage at the integrated digital display panel to get optimal yield per bag.



Overfill Protection

Secondary safety sensor prevents tank from overfilling

Digital Display Timer

Easily adjust timed water flow with up/down arrow

Single Surface Mount Power Input

Single power input reduces clutter of multiple power cords and provides single connection point that is high and dry off the floor

Magnetic Reed Float Switches

Quick fill system utilizes three durable and protected float switches

Easy Drain

Quickly and easily drain for winter transport

Inlet Water T-filter

Prevents contaminants and debris from entering system

Low Water Shutdown Feature

Prevents damage to pump by shutting down before running dry

Remote Control Pendant

Start, stop, jog and reset quick fill system from mixer station

Detachable cord for easy windup and storage
