

MAXFORCE

Mini-Max

6.5 CFM Compressor

Small footprint. Maximum Durability

MaxForce Mini-Max boasts 6.5 cfm @ 100 psi. This 2 HP oil-free rocking piston compressor is the most powerful on the market. This heavy-duty design provide maintenance free performance and long-life durability. Wall mount design is perfect for mobile spray rig applications to reduce floor footprint.

Durable...Durable...Durable

- 2-Year warranty
- Oilless maintenance-free design
- Rated for 100% continuous duty use
- 20,000+ hour bearing life rating
- 8,000+ hour piston cup life @ 100 psi
- Heavy-duty: compressor only weights 59 lbs

Ideal for spray foam contractors using electric supply pumps and only need compressed air for spray gun.

Clean, Dry Air

Order complete system with Tsunami Pure-5 Air Dryer

- 2-Stage filters removes particulate down to .01 micron
- Filters have unique automatic drains that auto drain even during use while under pressure
